

Prevent Damage From Vandalism and Reduce Heat With Graffiti Free 600 IR Window Film From Madico

Madico Graffiti Free IR films act as a sacrificial barrier to help control vandalism and provide a cost-effective alternative to replacing damaged glazing.

Graffiti Free IR films are also spectrally selective to reduce infrared heat while allowing a high amount of visible light.

Graffiti Free IR films are easily installed and replaced so your glass will always look its best. Most effective in transit systems and other high traffic public areas, Graffiti Free IR is the solution to keeping vandals at bay and increasing interior comfort.

Vandalism costs cities thousands of dollars a year in repair and replacement expenses. By installing Graffiti Free IR film, glass is protected and financial resources can be retained or redirected.

Graffiti Free IR films also enhance safety by retaining broken glass in the event of breakage.

Common Applications

- Rail cars & buses
- Transit stations
- Bus shelters
- Retail storefronts
